Canon Plumptre,
Toronto.

December 20th, 1913

My dear Canon Plumptre:

I am returning to you Principal MacKay's letter and your correspondence with Mr. Werry, Secretary of the Montreal Branch of the International Peace Association. I think that our Board of Directors will be very reluctant to publish anything on the matter in the newspapers unless they are forced to do so. Perhaps you would ask Mr. Trowern to see me, if he is very anxious about the matter. My own feeling is that the less said about the matter is better for all concerned.

With the greetings of the season,

I am,

Yours sincerely,

President.
